About
the
Quality

THE RED BALL on "Ball-Band" Rubber Footwear stands for Quality—for more days wear at a lower cost per day wear.

"Ball-Band" boots are vacuum cured. During the vulcanizing, this process causes a tremendous pressure on the fabric and rubber and makes the boot one solid piece.

The Poor Can't Afford to Be Sick.

Don't get sick if you're broke. Drugs have gone up so high that only the rich can afford to be ill. Many drugs have been found by a corner on the market for quinine, carbolic acid, glycerine, atropine, benzocaine, bromides and other drugs that are imported from Germany. Quinine for instance is now worth \$5.00 an ounce. A year ago the price was 21 cents. Salol, which is used for rheumatism, fever and exposure to the cold has jumped from 85 cents to \$7 a pound. Benzocaine has gone up from 40 cents to \$5 a pound, and antipyrine and phenacetin are now respectively \$20 and \$15 a pound, advanced from \$2 and \$1 a pound. Individual prescription of antipyrine and phenacetin under ordinary conditions used to be filled for 25 cents; now the retail customer must pay 75 cents or \$1.

GRAND DUCHESS OLGA

Bulgaria's entrance into the war on the side of the central powers is expected to have put an end to the romance of Grand Duchess Olga, eldest daughter of the czar of Russia. She was understood to have been engaged to Crown Prince Boris of Bulgaria.

EMBARGO IS PLACED ON WAR MUNITIONS

Arms and Ammunition for Carranza's Government Only Will Be Permitted to Be Shipped to Mexico.

Washington, Oct. 21.—President Wilson has declared an embargo on the shipment of arms and ammunition to Mexico.

The president signed a supplementary order, however, which excepts Gen. Carranza's government from the embargo, and permits munitions to go through to him unhampered. The prohibition applies to the factions opposed to the government which the United States has recognized.

The president's proclamation is based upon the authority conferred by congress in 1912 and follows closely the terms of President Taft's proclamation issued when the revolution was against Madero.

With the placing of the arms and ammunition embargo on Mexico, officials here believe the collapse of Gen. Villa's cause is near. The wholesale defections in the ranks of his followers and the shutting off of the source of his supply of arms and ammunition, they say, will prevent Villa from holding much territory. The opinion is freely expressed in Mexican circles here that the leader of the so-called convention forces will flee from the country.

Durango, Mexico (via Eagle Pass, Tex.), Oct. 21.—Precisely at 6 o'clock last night First Chief Don Venustiano Carranza was informed officially by the United States that he had been formally recognized as the ruler of Mexico. The news was conveyed to him in the parlor of the Hotel Salvador by John W. Belt, special representative of the state department.

OFFERS GREECE CYPRUS

ALLIES INFORM PREMIER ZAIMIS THAT THE ALLIES WILL NOT TOLERATE HIS POLICY.

London, Oct. 21.—The Daily Telegraph today prints the following: "In an effort to obtain the support of Greece for the entente powers the British government has offered King Constantine the island of Cyprus. The offer was made to Greece after the entente ministers had delivered a practical ultimatum to Greece. M. Zaimis, the premier, was advised to give up his equivocal policy, which, he was plainly told, the allies were not prepared to tolerate. Greece's position was thereby made precarious."

OHIO CLUB WOMEN INDORSE PROHIBITION

Speaker Attacks Manner of Caring for Feeble Minded in Address on "Prevention of Crime."

Toledo, O., Oct. 21.—Ohio club women were stirred Wednesday by the facts concerning the 24,000 dependents of the state, as presented by Dr. Thomas H. Haines, clinical director of the bureau of juvenile research, Columbus, in an address on "Prevention of Crime."

"These thousands are so much social waste, so many social liabilities that cannot be junked as the manufacturer scraps defective machinery," declared Dr. Haines. "Instead of being producers, they are eating up the profits. The feeble minded cannot be made over. The capacity to develop the intellect has to be born in one. What we must do is to prevent the multiplication of this tribe. Stop the replenishing of the earth with weaklings and criminals."

Dr. Haines urged the federation to help secure a building at Columbus where the necessary psychopathic work of the bureau of juvenile research can be carried on.

State-wide prohibition was given the endorsement of the federation at Wednesday's session.

The committee on resolutions also presented an endorsement of the good roads movement. An endorsement of Mrs. Sara Cole Douglas, federation's candidate for superintendent of the girls' home at Marysville, was ordered sent to state officials. A resolution adopted protested against the removal of Miss Ella M. Haas, factory visitor, from the industrial commission.

Organized study of industrial and social conditions of Ohio will be taken up with new vigor under a special committee of five to be appointed by the president to divide the state into districts, including many labor centers not represented in former surveys.

CORN BOYS OF OHIO

OVER TWELVE HUNDRED WILL MAKE TRIP THIS YEAR; WILL SEE PRESIDENT ON DEC. 1.

Columbus, Oct. 21.—President Wilson will receive the corn boys at 1:45 Wednesday afternoon, Dec. 1, in the east room of the White House, so it was announced by T. P. Riddle of Lima, manager of the trip, at the state house Wednesday. Mr. Riddle was in Columbus to confer with the state board of agriculture about the trip. There were 1,037 in the party last year. Washington, Mt. Vernon, Philadelphia and New York will again be visited.

The itinerary will include a number of new features, one of which may be an exhibition of maneuvering of submarines, either at New York or Philadelphia. Mr. Riddle is now in correspondence with Secretary of the Navy Daniels for such an exhibition.

Foes of Stock Swindlers Meet.

Topeka, Kan., Oct. 21.—State officials from all sections of the country met here today for a two-day conference on methods of protecting investors from stock swindlers. Thirty states now have blue-sky laws and several others propose like legislation. The purpose of this convention is to work for uniform state laws.

Bibles for the Blind.

New York, Oct. 21.—More than 350,000 Bibles, printed in 47 languages and in raised type for the blind, were distributed during the last year by the New York Bible society, according to a report just made public. To immigrants landing at Ellis Island alone 15,762 copies of the Scriptures were given.

Three Boys Injured.

Toledo, O., Oct. 21.—Three negro children playing with dynamite caps were seriously hurt in the explosion that followed. Clifford Cooley, 8; Benjamin Turner, 9, and Albert Gordon, 10, were injured. Search of the Gordon yard revealed 15 dynamite caps.
